Globetrotter in Florida 2024 [1]

Submitted by kris on Tue, 05/21/2024 - 13:34

Snowy River Seeds was in Florida this spring for trials in the U.S.. Of note is Globetrotter, known for its taste and holding power. Globetrotter's healthy plant stand is seen in the harvest video below (Click to view). The new release Duration, a yellow sweet corn and a sister variety to Globetrotter also continues to deliver above expectations for the shipping market. Snowy River Seeds has a few more varieties on the horizon for this shipper market and we encourage you to keep in touch.
